Introducing Bundles

We know budgets are tight. And many schools want a combination of both print and technology. So we've designed the **Teacher Bundle** and **Student Bundle** with you in mind. The Teacher Bundle combines an online Teacher Subscription (6 years) with a printed Teacher Resources Kit. The Student Bundle combines an online Student Subscription (6 years) with a printed Student Edition. The bundles offer a great savings to schools that want it all.

The Teacher Bundle and Student Bundle are not retroactive.

SUBSCRIPTION TERMS

Acceptance of Subscription Terms: Teachers' Curriculum Institute's ("TCI") willingness to offer online subscriptions ("Subscriptions") that permit access to its online educational materials and content ("Content") is expressly conditioned on your acceptance of the terms set forth herein. You shall be deemed to have accepted these terms by either: (i) placing an order for the Subscriptions or any other TCI product, (ii) submitting payment for the Subscriptions or any other TCI product, (iii) accessing the Subscription management application by following the website access link emailed to you following your purchase of a Subscription or (iv) distributing the website access link to any teachers or other end users who will use the Subscriptions. These terms supersede all prior understandings, assurances, orders and offers, whether written or oral, and shall exclusively govern the relationship between you and TCI in regard to the Subscriptions. Any amendments or additional terms must be agreed to by TCI in writing. The term "you" as used herein shall include any individuals purchasing or accessing the Subscriptions as well as any schools, school districts, education centers or other entities for whom such individuals may be accessing the Subscriptions on behalf of.

Subscription Delivery: For each Subscription order, you will receive a delivery confirmation email. Designated Subscriber contacts will also receive an invitation email containing a website access link to a Subscription management application where Subscriptions may be managed. The designated Subscriber contact will be the person submitting payment unless you notify TCI of the contact name and email address to whom TCI should send the website access link. You will need to sign and return an account administrator agreement before being granted full access to the Subscription management application.

Online Subscription Terms: TCI defines the school year as July 1 to June 30 ("school year"). The order date of a Subscription is the TCI invoice date. For Subscriptions with an order date before November 1, the duration of the Subscription includes the current school year that commenced on July 1 of the current calendar year. For orders with an order date on or after November 1, the duration of the subscription begins the following school year commencing on July 1 of the subsequent calendar year. Subscriptions can only be assigned to one user at a time; they cannot be shared. Upon expiration of a Subscription, access will be blocked. Subscription assignments reset annually on June 30. TCI only stores student scores for the current school year. Subscribers are responsible for downloading any student scoring data before June 30 for their records.

Online Subscription Renewals: Subscriptions will not automatically renew. Customers will receive a renewal notice 90 days prior to expiration of Subscriptions. To renew Subscriptions, customers must notify TCI of their intent to renew at least 45 days prior to expiration of the Subscription. Following receipt of a renewal notice from a customer, TCI will submit an invoice to such customer for the renewal term and payment must be received by TCI prior to renewal of the Subscription.

Modification of Content: TCI reserves the right to modify the Content at any time during the term of any Subscription for any reason whatsoever, including, without limitation, updating, correcting or general design modifications.

Disclaimers: THE CONTENT IS PROVIDED AS-IS WITHOUT WARRANTIES OF ANY KIND. TCI specifically disclaims all warranties, express or implied, including warranties of merchantability, fitness for a particular purpose, title and non-infringement of third party rights. It is your responsibility to evaluate the accuracy and completeness of all information, opinions and other material contained in the Content. TCI does not warrant the Subscriptions will be error-free and uninterrupted. You acknowledge that you are solely responsible for any interruptions resulting from your computer system, software and connection to the internet.

Limited Remedies, Damages Exclusion: TCI's total, cumulative liability arising from or in connection with the Subscriptions or any product or service provided hereunder will be limited to the lesser of (a) the fee paid by you for the item or service that caused such loss and (b) \$1,000. In no event will TCI be liable for incidental, consequential, indirect, special or punitive damages or lost revenue, data or profits, arising from or in connection with the Subscriptions or any product or service provided hereunder.

Security and Notification of Unauthorized Use. You agree to maintain reasonable security measures to protect against unauthorized users gaining access to Subscriptions and the Subscription management application. You will promptly notify TCI if you become aware of any unauthorized use of the Subscriptions or Content or violation or threatened violation of TCI's intellectual property rights therein. You agree to cooperate with TCI and render such assistance as TCI may reasonably request to identify, halt and/or prevent any violation of such rights.

Notice to School Districts, Teachers, other Purchasers and Parents. TCI collects limited information from students accessing its websites, including students' first names, last initials, dates of birth and usernames and passwords. TCI is offering the Subscriptions based upon the presumption that you, or any other party facilitating access to the Content or TCI's websites by students, have obtained authorization for the storage and use by TCI of such students' information necessary to offer the Subscriptions and Content, including, without limitation, parental consent to the collection of such information by TCI.
